Business Language Testing Service

Information on Cambridge ESOL, BULATS

What is BULATS?

BULATS, the Business Language Testing Service is a language assessment service. By testing a number of linguistic skills, BULATS produces accurate language profiles of candidates.

BULATS is a collaborative venture between the University of Cambridge ESOL Examinations and three leading European language institutes: the Alliance Française, the Goethe-Institute and the Universidad de Salamanca, ensuring the rigour of the tests, the accuracy of each language version and the reliability of the results.

Results are based on the internationally recognised and standardised level framework of the Association of Language Testers in Europe ([ALTE](#)), which is directly linked to the levels of the Council of Europe's Common European Framework for modern languages ([CEF](#)).
